

# May/June 2016 Newsletter

## Word From The Office

April Showers bring May flowers!!!! We have been experiencing some nice warm weather and I have noticed in the gardens some beautiful buds are appearing. With the warmer weather we once again see a change to the clothing that is needed on the playground. Please ensure that your child has splash pants, a spring jacket, puddle boots and a hat to cover small ears in order to prevent ear infections. It is never too early to be thinking and possibly bring in sun screen for the children. As the weather gets warmer and warmer we want to be prepared and protect the children from exposure from the UV rays.

Lately we have been finding a lot of food and snacks left in the children's back packs. We are asking that

all parents please check your child's backpack daily to ensure that no food or snacks are left in it. These back packs are hung at the children's level in their cubbie therefore it is easy

access for the children to obtain these products when they are in the cloakroom area. A lot of the children here at Alpha have life threatening allergies and if they were to come in contact with these products it could result in a fatality. We are also asking that if you are running late in the morning or bringing dinner or a snack for your child in the evening please ensure that this outside food does not enter the day care centre. You are more than welcome to sit in the pavilion while your child finishes their breakfast or eats their dinner or snack but the food needs to remain outside the centre. Please

help us to be proactive and prevent a fatality from happening.

Each year there is the annual walk for

Autism and this year we would like to put together a team to represent Alpha. The date of the walk is Sunday, June 5<sup>th</sup>. If you are interested or if you wish to make a donation please let Erin,

Lynda or Mary know.

Over the next couple of weeks I will be doing some long term planning for the summer and for September registration. If you know of, or suspect a change to your child's schedule please let Lynda or myself know as soon as possible. **For those children who will be entering Kindergarten in September 2016 please submit your intended withdrawal date as soon as possible as this will help me in placing new children.** Like last year, if too many children who are entering Kindergarten in September need care right up until the end of August, Alpha may have to give staggered withdrawal notice prior to the end of August. Please let us know of your intent in order to help with a smooth transition into the new school year. Your co-operation to this matter is greatly appreciated.

Once again our School Age camp program is geared up for another fun filled summer. Please watch the bulletin board for the distribution and return

*(Continued on page 3)*

## Dates To Remember

**Tuesday May 3<sup>rd</sup>, 2016**  
Spring Concert from 4. - 6:30pm

**Concert Times:**  
EP- 11:00 am. (in Class)  
Jr. Tod- 4:00pm. (in Class)  
Inter. Tod- 4:00pm. (in Class)  
Infants- 4:15 pm. (in Class)  
Preschool 1 - 4:15pm. (in Atrium)  
Jr. Pres- 4:35pm. (in Atrium)  
Sr. Pres- 4:55pm. (in Atrium)  
Pre./Kind.- 5:15 (in Atrium)  
School Age- 5:35pm (in Atrium)

**Sunday May 8<sup>th</sup>, 2016**  
Happy Mother's Day

**Thursday May 12<sup>th</sup>, 2016**  
PAC Meeting from 7pm - 8pm.

**Friday May 13<sup>th</sup>, 2016**  
PA day for Public and Catholic  
School BD Trip to be announced

**Friday May 20<sup>th</sup>, 2016**  
Sick Kids Dance-a-thon

**Monday May 23<sup>rd</sup>, 2016**  
Victoria Day **CENTRE CLOSED**

**Monday June 13<sup>th</sup>, 2016**  
PA Day for Public and Catholic  
School BD Trip to be announced

**Sunday June 19<sup>th</sup>, 2016**  
Happy Father's Day

**Thursday June 16<sup>th</sup>, 2016**  
Father's Day BBQ from 4:30 -  
6:30 pm

**Monday June 20<sup>th</sup>, 2016**  
Summer Begins

**Thursday June 30<sup>th</sup>, 2016**  
Last Day of School

## Infants

Hello Everyone! Mother's Day and Father's Day are fast approaching and the Infant class have been very busy getting ready for our Spring Concert, practicing songs, and making a little something special. We would like to wish all our parents a great Mother's Day & Father's Day! Thank you for all that you do!

Many of the children in the class are of Toddler age now which means they will soon be moving to the Junior Toddler room as space allows. In order for a smooth

transition from Infant to Toddler room here are a few suggestions to help, at home, to prepare them.

- Begin to have them drink from a open face cup with very little milk/water
- Encourage them to feed them selves using a spoon or fork
- Encourage them to begin to put on own shoes and simple garments (hat)
- Encourage child to begin settling self for sleep and nap times with little assistance
- Begin to sit them on the toilet/ potty

- Encourage them to tidy up after themselves after playing with an activity
- Encourage child to wash and dry hands before/after meal and washroom times.
- Begin to encourage child to hang belongings in cubby.

We will send the children for small visits to the Toddler room when they have an open spot to help with the transition.

Until next time

*Lorraine, Kim, Madeha, Sandeep, and Infants*

## Junior Toddlers

Hello Alpha parents! We hope this message finds all the caring and loving parents well and in good health.

The Junior Toddlers are going to be very busy and engaged in the next few months on learning how to be social. Learning Social Skills do not develop naturally; they need to be learned. Each child is unique, and therefore the toddlers will continue to learn about sharing and taking turns with each other. They will be busy learning about social interest skills and perspective taking. The toddlers will be learning how to problem solve and how to interact with adults and children.

Spring has finally arrived and we are so happy about it! Just friendly reminders to all the great parents,

our Junior Toddlers go outside twice a day so they need to dress appropriate according to the weather. We all know spring is a sunny season but it can get cold as well and our toddlers would need jackets, gloves, hats and boots to stay warm outdoors. Please keep their shoes in their cubbies. We are not allowed to wear any kind of open shoes or sandals, as it is not safe for the children. Also, as all of you know children have accidents and they end up getting their clothes dirty while engaged in play or learning new self-help skills. Please provide an extra change of clothes in their cubbies, such as extra pants, shirts and socks in case an accident occurs and they can be changed. Thank you!

We must all be looking forward to Mother's and Father's day in May and June! This day is a precious day to

spend quality time with your children, because life can get really busy and routine based. Here are some fun activities you can do with your children on Mother's and Father's day.

**Fun Activities to do:**

- 1- Go for a nice walk.
- 2- Have a picnic in the park.
- 3- Visit relatives.
- 4- Watch a movie together.
- 5- Do some gardening or fishing.
- 6- Visit a place that had some special meaning to your family.
- 7- Make a scrapbook together (Visit the dollar store to help keep your costs down).
- 8- Go out for ice cream.
- 9- Do a puzzle together.

**Things to do in Toronto on Mother's or Father's Day (Involving Money)**

- 1- Take in a movie.
- 2- Go out to lunch or dinner.

*(Continued on page 3)*

## Intermediate Toddlers

We all know how important our Mommies are and how dear they are to our hearts. Though it is an on going appreciation, we do have one day a year that is dedicated to Mother's, Mother's Day. There are many fun ways to show her you care and here are just a few:

### Make her breakfast in bed.

Depending on your age you can make your mommy her favourite breakfast and serve it to her while she is still in bed, nice and cozy.

### Make her a gift from the heart.

Get out all the creative materials you can find and put together a beautiful work of art. Something hand made will tickle her pink and she's probably going to keep it forever. These are the best kind of gifts you can give.

**Pick her flowers.** Pick her a beautiful bouquet of flowers. And present them to her with a big hug.

**Just tell her you love her.** Take a minute from your day and let your mom know how much she really means to you and just how much you love and appreciate everything she does for you. This is a priceless gift that will mean the most to her.

*"You will hold your Mother's hand for a little while and hold her heart forever."*

*Alicia, Sukhi, Clarah and the Intermediate Toddlers*

## Word From The Office cont'd

*(Continued from page 1)*

dates of the summer camp calendar. As in years past once you sign up for whatever weeks you wish **THERE ARE NO CANCELLATIONS AFTER THE DEADLINE.** Whatever weeks that you choose not to send your child to will be offered to someone on our camp waiting list in order for our program to remain full throughout the entire summer. The cost of the program is

**Our School Age camp program is geared up for another fun filled summer**

\$245.50 per week plus a \$20.00 registration fee which goes towards the purchase of a camp hat, journal and sketch pad. The weekly fee includes all entry fees into all the activities and venues that we are going to be going to. With this camp program **Parents are responsible for sending a balanced nutritious lunch and snack each and every day, the day care will supply an afternoon snack only.** Please remember that we are a nut free centre and that this includes any products with the statement *"may contain peanuts or*

*tree nuts.* If any of these products are discovered in your child's lunch, it will have to be removed and thrown in the garbage. Guidelines for packing your child's lunch are included in your camp registration package.

Happy Mother's Day to all moms and woman who are important in the children's lives. And of course Happy Father's Day to all our great dads

Until next time my door is always open.

*Mary*

## Junior Toddlers cont'd

*(Continued from page 2)*

- 3- Go to the Toronto Zoo.
- 4- Visit the museum or the Art Gallery of Ontario.
- 5- Head over to the Toronto Islands.
- 6- Get some photographs done together.

There is nothing more

rewarding then spending time with family. Whatever you decide to do on Mother's or Father's day, enjoy it!

Until next time,  
*Ipsita, Alessia, Emilija and the Junior Toddlers*

## Junior Preschool 1

Spring has finally arrived, and I know we are all looking forward to actually seeing some spring weather! Hopefully we see some beautiful weather soon. I know the Preschool 1 Room is tired of the rain and snow!

With Earth Day soon approaching, I'd like to provide some information on it. On April 22<sup>nd</sup> of each year, more than 192 countries celebrate Earth Day. It is meant to show support for protecting the environment and earth! More than six million Canadians-

including nearly every school aged child, participate in an Earth Day activity in their communities. Founded in 1990, Earth Day Canada is a national environmental charity. There are many different things you can do to support Earth Day, such as picking up litter in your neighbourhood, inviting friends and family to join, plant flowers in your neighbourhood, and also provide garbage bins in

parks, walking paths, etc. to prevent people from littering. For more information on Earth Day and how to get involved, please go online and visit [www.earthday.ca/about](http://www.earthday.ca/about).

On April 22, we will be taking our children out for a walk to pick up litter and garbage in the neighbourhood. Every little bit helps!

*Kelly and the Preschool 1 Room*

## Educational Preschool

April showers bring....something flowers, but here at the Educational Preschool room just want to offer you a huge HELLO and smile to everyone!

Here in the E.P. room we are continuing with our Handwriting Without Tears program that the children have been working on since the turn of the New Year along with our many other wonderful academics. The children have developed wonderful mannerisms over the school year, shown greater care to their peers and belongings in the classroom, and have been an overall treat to work with to witness such tremendous progression which for some has only been a short while. Way to go to all of you!

As we enter summer, it is important to celebrate your child's success in making the next step in their lifelong learning. Whether they have completed grade 1, 2, 3, 4 or are simply going from Senior Toddler to

Preschool, they need to know that they have done fantastic to be where they are. They don't necessarily need a 7 day vacation to a resort, because not everyone has the money for that once kids come along. We can subtly do something that reminds them how proud you are for their efforts during the school year.

Some ideas could be:

- Spend the evening alone taking part in an activity of your child's choosing, barring it doesn't include a local pub.
- Taking them to their favourite spot, preparing their favourite meal, or going to a movie is a great step to engaging in conversation where you can highlight their achievements of the year. However big or small they may be!
- Plan for a short, fun-filled period of time so the focus of the celebration

remains on #1 - the child!

We love to hear from our work that we are doing a great job, and sometimes you may feel you deserve to hear it but don't. Children are no different and would love to hear that they have performed at an exceptional level. This can create further motivation into the coming school year, keeping your child on their toes, instead of possibly their heels. We all live busy lives, we have work and other obligations, but it is imperative we make time for our children/families because they are the ones that will always give us love, through the good and bad times..

Peace and Love to you all!  
*Michael and the Awesome E.P.'s*

## Junior Preschool

Hello again everyone! Spring is here and we in the Jr. Preschool room are so excited to finally welcome warmer weather. With warmer weather comes rain showers and we have been having a lot of those the last few weeks.

We certainly enjoy going outdoors after a rain storm because it gives us an opportunity to explore what the storm has left behind, which often leaves your little ones with wet clothing. Please remember to leave plenty of extra clothes such as pants, sweaters, shirts, socks and even underwear in your child's cubby, just in case they need a change of clothes after playing outside. Rain boots, a rain coat and splash pants will also

help keep your child dry as they splash in puddles and dig in the mud.

There is no reason that we cannot enjoy rainy days outdoors especially when children are bored and anxious and need to get outside. Here are some fun activities that will keep your child active and engaged on those damp, wet days.

- Rain painting - sprinkle construction paper with food colouring and take it out in the rain to create fun art work.
- Dig in the mud for worms and observe them as they dig holes in

the ground and slither around (a favourite of our Preschoolers).

- Make coloured rivers by dripping food colouring in puddles.
- Fill a puddle with rocks and leaves and use twigs to go fishing.
- Paint with mud - use twigs and sticks to paint with mud on paper.

So the next time you see a rain storm coming, we hope you can get outside and enjoy the rain as a family.

See you next time,  
*Jaqueline, Ana, Cassie and the Jr. Preschoolers*

## Senior Preschool

Hello Spring!! We are glad you have finally arrived.

We have been a very busy class getting ready for spring and all of the fun activities that it holds especially our annual Mother's Day concert. We have been preparing to sing some songs to our parents as well as working on a special surprise for mom.

The children have been working very hard on developing their printing skills through our Jolly Phonics Program. Practicing printing their names at home can be done simply by writing their names on a piece of paper and have them trace over it. Once they become comfortable with certain letters do not write those down for them, have them print them independently.

Well as its spring time and the weather is getting better, here are a few activities you can do with the kids; a trip to the dollar store and pick up some planting items, then on a good day take the kids out to the garden and let your child plant some flowers or vegetables this is a great way to teach your child responsibility by taking care of a flower and watching it grow or a vegetable and then they get to eat it for dinner.

We asked the children if they were a flower or a vegetable what would they be .

**Amiyah:** rose  
**Jonah:** marigold  
**Olivia:** strawberry

**Gaby:** blue belle  
**Romelle:** carrot  
**Shylin:** cucumber  
**Jevayne:** carrot  
**Vansh:** carrot  
**Avierre:** carrot  
**Aaliyanna:** pink flower

**Cole:** apple  
**Cody:** apple  
**Katie:** pink flower  
**Harmony:** carrot  
**Daniel:** orange flower  
**Millie:** watermelon

Until next time, Happy Mother's and Father's Day,  
*Erin, Ann and the Senior Preschoolers*

## Special Events

Welcome to all our Alpha Families. I hope that the warm weather is finally here to stay. We would like to thank everyone who attended our annual Pot Luck Dinner. It was so nice to get a chance to sit and have dinner with all our families. There was a variety of delicious food for everyone to share.

**Tuesday May 3<sup>rd</sup>**, is our annual Spring Concert. The children will be able to perform and show off their talents for everyone. The Concert show times will be posted outside your child's classroom and it will also be posted at the front of the newsletter! Parking control will not be patrolling this day, as they have made the exception to the Spring Concert for parking in which case, we will notify the parking control of the event and they will not patrol while the event is taking place.

**Thursday May 12<sup>th</sup>**, from 7pm.-8pm. is our Parent Advisory Committee Meeting. If you have any concerns please bring them forward to the Parent Representative in your child's classroom if you do not feel comfortable bringing them up to the Supervisors

**Friday May 13<sup>th</sup>**, is a PA Day for both the Public and Catholic School

Boards. Please give us two week notice if your child will not be attending these days otherwise Alpha will automatically assume that your child(ren) will be attending and will be charged the appropriate fees. Stay tuned as to what the School Ager's will be participating in for the day.

Once again the children will be showing off their dance moves for our Annual Sick Kids Dance-a-thon, on **Friday May 20<sup>th</sup>**. Pledge forms are due back May 20<sup>th</sup>. Please make all cheques payable to Sick Kids Hospital and if you would like a tax receipt they will honour one with a minimum, of a \$20.00 donation. So let's raise some money and help Sick Kids Hospital.

On **Monday May 23<sup>rd</sup>**, Alpha will be CLOSED for Victoria Day and will resume normal working hours on **Tuesday May 24<sup>th</sup>**. We hope you enjoy the long week-end with your family and friends.

**Monday June 13<sup>th</sup>**, is a PA Day for both the Public and Catholic School Boards. Please give us two week notice if your child will not be attending these days otherwise Alpha will automatically assume that your child(ren) will be attending and will be charged the appropriate fees. Stay

tuned as to what the School Ager's will be participating in for the day.

**Thursday June 16<sup>th</sup>**, between 4:30-6:30 pm. We will be hosting our annual Father's Day B.B.Q. outdoors in the back of the centre (weather permitting). If not we will be eating in the atrium). The food will be provided by Alpha as a thank-you to all of our families. However there will be a donation box available to help support our Autism Angels. We hope to see everyone there. Once again Parking Patrol will not be patrolling in the parking lot at that time, so relax and enjoy your time with your child.

Just a reminder to parents that if your child will not be attending Alpha for two months of the summer please ensure you have a written two week notice in to Lynda or Mary by **Friday June 10<sup>th</sup>**, 2016, and please state whether or not your child will be returning in September so we can reserve a spot for your child.

Until the summer, Happy Mother's Day and Father's Day you all deserve it!!!!

**Lynda Leroux, RECE**  
lynda@alphachildcare.ca

## Preschool/Kindergarten

What a beautiful sight it is, as April showers bring May flowers!

We are very proud of our Senior Preschoolers as they continue to amaze us with their self-help skills. At Alpha, we understand how important it is for the children to feel independent and to have control

in the decisions they make for themselves. Feeling independent makes a child feel important, successful, and in control of their own actions. When children realize they can complete tasks on their own, they feel proud of themselves and they build self-

esteem. This is why in the classroom we encourage the children to be very independent in the choices and decisions they make, such as deciding what area in the classroom they are going to play in, what friends they are

*(Continued on page 8)*

## Word From the Manager

Hopefully our spring weather is just around the corner and we can look forward to lots of sunshine and warm weather.

At the end of February every one received a copy of their Child's Observation Record (COR) along with all the documentation and social stories that supported the skill development noted on your Child's Observation Record. We have received some very useful feedback from a lot of parents in regards to the new way in which we record your child's progress. Majority of the parents enjoyed the documentation and the social stories that outlined the children's learning journey, they also felt that they were very detailed but would like to see more focus on the "next steps" portion of the report and what they can do at home in order to support their child's learning. Alpha takes all of the feedback received from parents very seriously therefore; moving forward with the new COR I have formed a committee of educators to help me to implement some of the strategies and ideas that have been brought forward to us. The team will first take a look at cross referencing the old evaluation form with the new COR. I have already cross referenced a couple of small areas listed on the COR with the old evaluations form and the majority of the expectations from the old are already listed on the new form they were just worded differently or several expectations are now listed as one. Any goals that have been missed from the old form to the new form will be added if they are of an importance to the child's development. This will be the first objective that the committee will address. The committee will also look at some kind of rating system that could be added to the COR in order for those reading it to have a better understanding of where your child is functioning. The key may look something like this C = consistent, O = often, S = sometimes

and T = more time needed either by the child to develop the skill or the educator to observe the child engaging in that skill. The children will be scored on an 8-level scale from 0 (lowest) to 7 (highest). The eight levels of COR provide an overlapping continuum so that the children can be scored at the developmental and ability level appropriate for them. For example, infants and toddlers would primarily be scored at the lowest levels 0, 1, and 2, but older toddlers might begin to edge into the lower preschool levels 2,3, and 4. Likewise, older preschoolers might begin to be scored at the early kindergarten levels 4, 5, 6, and 7. Based on the child's age and developmental level, the levels give the educators a starting point for scoring, but they can move up or down to the level appropriate for each child. This system accommodates children with special needs and developmental delays as well as those whose early learning may be more advanced in some content areas than others. A lot of parents also expressed concerns with all the blank developmental areas that were on their child's COR. As explained in the letter that accompanied the COR, there could be several reasons for the blank areas.

1. Either your child's educator has not seen your child perform the skill expected at the next level.
2. Educators do not have the supportive documentation to indicate that your child has mastered the next skill. They may be well aware that your child is able to perform at the next skill level but they are unable to indicate this without the supporting documentation. Just recently in speaking with the educational trainer of COR, educators can score a child without pictorial documentation, but must describe their observations of a child mastering a skill. For example if the skill the child is working on is

self help and an educator observed the child completing this task, they would indicate this in the date column beside the level they have mastered. Example 04/13/16 observed Johnny putting on his coat by himself. So in June most of the areas will have a score for your child.

3. Staff were only introduced to this new way of evaluating the children's skill level in the fall of 2015 and therefore, a lot of time and missed opportunity has passed (July to November) in order to obtain the information necessary to support the educators analysis of the level in which your child is functioning.
4. Your child has only been registered with us for a short period of time.
5. Your child has a high absentee rate
6. Your child arrives late to the centre, therefore missing a lot of opportunities to demonstrate what skill level they are functioning at. It is strongly encouraged that your child be at the centre no later than 9:00 a.m. in order for them to gain the full benefits of our program

The next COR that parents will receive will be in June and our goal is to ensure that these gaps are completed therefore outlining more of your child's skill level as opposed to parents receiving blank pages. Due to time restraints and lack of supply staff the committee has been unable meet in order to make the cross reference changes to the COR document. The time frame for completion of the changes will be February 2017. We are too close to the second distribution (June) of the COR document in order to make the changes we want to implement. The educators will try to make more concrete suggestions as to what the next steps will be and how parents can support this learning at home.

Until next time, my door is always open  
Mary Soundy RECE, B.A.  
Manager

## Preschool/Kindergarten

(Continued from page 6)  
going to play with, and what activity they are to engage in.

The Junior Kindergartens have been practicing the letter sounds, through the Jolly Phonics Program as well as the correct formation of each letter. As a whole, we have been working on our problem solving skills with peers as well as learning many concepts in Math and French. As the school year ends and summer begins, we will continue to work and build upon these skills for the children to become stronger in the following year.

Dads, Moms, and Guardians hold a special spot in our hearts. The bond between a child and their parent is irreplaceable. Happy Mother's Day in May and Happy Father's Day in June to all the parents out there! Here are a few nice and thoughtful ideas to do for

your mother or father during their day that is all about them:

- Make them breakfast in bed
- Clean the house or your room
- Take them out to their favourite restaurant or make their favourite meal
- Make them a picture frame with a picture of you in it
- Make them a card instead of buying them one

- Do the chores around the house (cleaning, dishes, laundry, etc.)
- Take them to their favourite place
- Give them a foot or back massage
- Watch their favourite T.V. show or movie with them
- Make them a gift instead of buying one
- Paint your moms nails
- Wash your dads car

Hope the list helps you out and the parents can have fun helping your children with the gifts.

Until Next Time,  
*Sr Preschoolers, Jr Kindergarteners, Christina, and Jeewan*

## School Agers

Salutations and warm greetings from us here in the School Age room! Another school year is drawing to a close and the children are starting to buzz about summer and all that it entails. Spring is first on the agenda, however, and the weather will be intensifying into summer sun as the days pass. So we remind parents to make sure their children have sunscreen and a hat, whether a baseball cap or a summer hat. Also in May/June we have more birthdays and end of year parties, so if you are going to bring in some classroom treats, or a cake, ensure that they are all peanut free and kindly check for other allergies that some of the children may have.

The School Agers have been working hard at their academics, showing progression through their after school program. It has been a pleasure to assist and help their continual growth in their individual programs, great and small.

The School Agers have been an absolute delight to work with this

school year in our after school program and I KNOW that energy will carry on into the summer for all of these children. Keep it positive, keep it bright and the summer will shine with you!

May and June are months of happiness as the weather turns warmer, we feel better about waking up to a beautiful morning of sunshine, being able to go outdoors without a jacket, and celebrate two important people in our life: Mom and Dad!

Mother's and Father's Day are celebrated all over the world in appreciation of the commitment, love, and supportiveness our parents give to us throughout our ever increasing difficult aspects of growth. Do we just be thankful and praising for one day? No. It truly should be every day, but who said we had to have a day?

Mother's Day originated in Ancient Greece where they celebrated a day for Rhea, the Mother of the

Gods. This was adapted by Britain, where men would have to travel far for work; they were encouraged to return home on Sundays to spend the day with their Mothers.

Father's Day was actually created much, much later in the 20<sup>th</sup> century in the United States to complement Mother's Day but importantly to dignify the magnitude of a male figure in a child's life.

Both of these celebrations are equally important as the job of a parent is thankless as we were all once a young child unknowing of our parents true influence. So on the second Sunday in May and third Sunday in June let's remember to thank our parents for the love and support they have offered us since day one and to thank them for putting up with all the grief and anxiety we probably have caused at some point. Not just on this day, but every day, as John Lennon sang with The Beatles - all you need is love!

*Michael & The School Age Gang*
